JOSEPH SORINI PASSED AWAY ON MONDAY

Community Loses Sterling Citizen
Who Had Conducted Big Industries
In Sonoma.

Joseph Sorini, well known wine and grape man who had extensive cellars here and a big fruit drying plant, passed away in a Napa hospital Monday after a serious illness of a few weeks. The immediate cause of death was dropsy.

Deceased was still a young man, having not yet reached his forty-fourth birthday, but he had attained for himself a prominent place in the business world and won success. Mr. Sorini came to Sonoma from his native country, Italy, when a young man and here married Miss Annie Chelini, daughter of a pioneer family. Of this union seven children were born, six of whom survive deceased. The children are Lucie, Bernice, Charlotte, Louise, Ruth, Lawrence and the late Joseph Sorini, Jr., who died in 1922. A brother, A. Sorini, of Sonoma, is also left to mourn the well known business man.

Mr. Sorini formerly engaged extensively in grape buying and wine making and also provided employment for many people each year in his fruit dryer. He put a very good grade of apple cider on the market under the name of "Sonomabella," and also shipped vinegar extensively. In community enterprise he was always the first to aid and was a public spirited and progressive man.

The funeral was held Thursday morning from St. Francis church and was largely attended by people from all over Sonoma Valley, friends and business associates who knew Joe Sorini for his square dealing and honest business methods and valued his friendship.

The pall bearers were Messrs. A. Bianchini, A. Maffei, A. Kunde, G. DeMartini, E. Cornelius and M. Mangantini.

ATTENTION RURAL MAIL PATRONS

Since the improved rural mail service out of the Sonoma post office has gone into effect, the impression has been spread about that patrons are not getting their morning mail.

All mail dropped before 6:30 p. m. in San Francisco comes down on the Southern Pacific train the next morning and is delivered to the patrons the same day.

The only mail they do not get is a very light mail that comes up on the Northwestern Pacific in the morning, reaching this office between the hours of 11:30 and 12 o'clock.

Any information regarding mail or any other postal matters of interest to patrons will be cheerfully given at the post office. We invite your questions.

META C. STOFEN,
Post Master.

The regular monthly card party of the Woman's Club takes place next Wednesday evening.

Epicure In Hard Luck At Kenwood

Mine Host Bertino, of Kenwood, who knows how to cook polenta right, got in all wrong when he made his gravy out of robins and meadow larks, for Deputy Game Commissioner Lencioni got on to the fact that Bertino's gravy was the real thing and he was fined \$75. The officer alleged that he trapped the birds which he used to make polenta. In addition, the Kenwood epicure is accused of having good beer, better than one-half of 1 per cent at his place, and was arrested for that, too. The days of epicures are now dark days. Alas and alack!

ELECT THREE NEW APPLE DIRECTORS

Annual Meeting of Sonoma Valley
Apple Growers Shows 90 Per Cent
Acreage Representation.

The annual meeting of the Sonoma Valley Apple Growers' Association Monday night was well attended, fully 90 per cent of the apple acreage of Sonoma Valley being represented, and the records showing the accession of 12 new members.

President George Cassidy and other officers were re-elected, the only change being on the Board of Directors, from which Edgar Clements, Charles Cutter and W. D. Suggett retired, expressing the desire that other members serve this year. As a result the names of W. H. Cordell, George Lovell and Spencer Harris were proposed and these gentlemen elected for 1925.

The proposed change in the California apple standardization act was discussed at length and resolutions adopted strongly endorsing the recommendation of Gravenstein growers that apples be picked and shipped as formerly and not held back for a standardized maturity. The Sonoma growers have been shipping so-called immature apples for the past 40 years and receiving the highest of prices for them. These apples are excellent for cooking and the association desires to market them plainly labeled "or cooking." Local Gravensteins may be picked two weeks earlier than in other parts of the state and it would be a great loss to hold them back, declare association members.

Financial reports of the association showed that 1924 had been a banner year, despite a shortage of crop.

Many improvements are contemplated by the association for the 1925 season and will be discussed at a future meeting for this purpose.

GAS VICTIM WAS FORMER RESIDENT

Felix Eberle, who was found asphyxiated from gas in his room in San Francisco, was a former employee of the Adler mill here. He was a member of Sonoma Lodge of Redmen and today his funeral will be attended by his brother members, William Steinkamp, Henry Heuer and B. Schrempp. Deceased was about 50 years of age.

American Legion Would Establish Institution To Care For Dependent Children

The good work started some time and thus benefited.

The orphans' home would be on the cottage plan and would provide care and education for the little ones of several Western states. When once established the orphans' home of California would be supported and maintained by the national organization of the American Legion, which has similar institutions throughout the United States. It is estimated that within the next five years there will be several thousand orphan children of veterans of the World War who will have to be cared for.

The establishment of the orphanage in Sonoma Valley on the property formerly occupied by drug addicts and delinquent women would give a worthy charity the benefit of the magnificent and beautiful property which was acquired by the State of California, a property of which it is now making little use, while the big soldiers' institution would be a decided asset to Sonoma Valley.

GARNET HOLME TO DIRECT PLAY HERE

Sonoma is to have the rare opportunity of witnessing early in March a play to be directed by Garnet Holme, who will coach local players in a drama to be given at the High School auditorium for two performances. Mr. Holme, who came to Sonoma's romantic and restful environment to do some writing in preparation for several big productions he is later to put on, has generously offered to put on the play, the title of which will later be announced. A comedy of modern day life is said to have been chosen and the cast of characters is now being arranged for by the director.

Mr. Holme goes from here to prepare for his colorful historic pageant "Sir Francis Drake" which he has written for the Mountain Play which is to be resumed at the open air theatre on Mt. Tamalpais May 24th.

All who had an opportunity to witness the Sonoma Mission Play appreciate the Holme artistry and will look forward with delight to the play next month.

At a preliminary meeting at the home of Mr. and Mrs. Will Clewe this week plans for the coming event were discussed and enthusiastically

BARBER GIVES HIMSELF UP AND IS FINED \$500

Tony Francheski, on whose ranch an illicit still was seized and a large quantity of jackass brandy, gave himself up to Deputy Sheriff Ryan after several days absence following the raid last week, and appeared before Judge Vaughan of Santa Rosa who fined him \$500.

Although the still was warm when seized by the sheriff, the charge against Francheski and Scotty Howard, who was found on the premises, was one of possession, and not manufacture, it being customary to reduce the charge in order to get a plea of guilty, so the officers explain. Where a defendant must face the more serious charge of manufacture he usually asks for a jury trial and juries in Sonoma county hardly ever convict, so the records prove.

In addition to the \$500 fine, Francheski lost his supply of "kick" which was dumped by the officers.

entered into by those sponsoring the drama.

Last week in San Francisco Mr. Holme directed the Commonwealth Club play, "Tell Me a Bedtime Story" which the Chronicle declares to have been one of the greatest successes of the year.

Next Monday and Tuesday Are Sonoma Bargain Days

During the coming week, Sonoma will inaugurate the monthly bargain days which are to be a feature of local merchants during 1925. Monday and Tuesday, February 9th and 10th are the first red letter money saving days for shoppers. On these two days of February thrifty buyers can save considerable money by visiting the stores which advertise on Page Three and taking advantage of the specials offered. The bargain days are put on to stimulate home buying and the merchants are giving splendid values. Remember, the bargains ad-

vertised are offered for next Monday and Tuesday only, so take advantage of this chance to save money. Your interest in Sonoma's bargain days will prove to our merchants that you like the plan and will encourage them to prepare specially for these monthly sales and give you the advantage of up to date buying.

Show the community spirit, then, by coming to town next Monday and Tuesday and availing yourself of the specials advertised on Page Three. Here is a real chance to buy and to save money.

Government Pays Storage on Raided Car

At the Sparks Motor Service Company in Petaluma the first of this week Deputy United States Marshal H. T. Curtis of San Francisco sold at public auction a Reo speed truck owned by a Vallejo resident which was seized three years ago with a load of liquor and which had since been stored in a garage. The car was sold to Professor James Kenney, of Petaluma, for \$100. The storage was \$276, which will have to be paid by the government. The owner of the truck paid a fine when he was arrested, at which time the car was seized and placed in storage.

SONOMA I. O. O. F. HONORS OLD MEMBER

J. G. Marcy, for 50 Years An I. O. O. F. Is Presented With Jewel On Monday Evening.

J. G. Marcy, the pioneer Sonoma business man, was honored Tuesday evening by Sonoma Lodge, I. O. O. F., the occasion being Mr. Marcy's half century affiliation with the Order. The fiftieth anniversary was a real event for Mr. Marcy and his brother Odd Fellows, and at the impressive and pleasant evening arranged in honor of the veteran brother, Z. C. Marcy, his wife and daughter, Mrs. Rough came up from San Francisco to be present. Gus Marcy, son of the guest of honor and successor to his business here in Sonoma, was also a participant in the honorary night.

After the regular meeting of the Odd Fellows, the members and guests assembled and Mr. Marcy was presented with the veteran's jewel by Past Noble Grand John Wagon. A speech voicing the regard of the lodge for its old member and wishing him health and contentment in his declining years was delivered by Mr. Wagon in impressive manner and feelingly acknowledged by the pioneer brother.

After the jewel, a handsome emblem set with diamonds, had been bestowed upon Mr. Marcy, he was escorted to the banquet hall where there were toasts and felicitations expressed by various brothers and a splendid repast was enjoyed by all present.

Mr. Marcy was originally affiliated with the Franco-American Lodge in San Francisco and 40 years ago was transferred to Sonoma upon coming here to engage in the plumbing business. From that time up to a few years ago when ill health caused him to retire, Mr. Marcy was active in the lodge, serving for many years as secretary.

Louis Parente, proprietor of the Tavern at El Verano, one of Sonoma Valley's finest properties, has acquired more property on the highway and will build a store which he has leased to San Francisco parties.

The land acquired is opposite Rosenthal's Resort and gives Mr. Parente direct access to his hotel grounds from the highway, where a new gymnasium and hotel annex are now in course of construction.

SONOMA IS TO BE HEARD OVER KGO

Program of Interest and Entertainment to be Arranged and Sent Out Over the Air Shortly.

That people on the air all over the United States and farther may know that Sonoma, Valley of the Moon, is a real place, local boosters are preparing a fine program which they will broadcast shortly from the General Electric Company's well known and powerful KGO station at Oakland, California.

A letter received from Albert Elliott of the Valley of the Moon Chamber of Commerce, written by Carl Anderson of the General Electric Company, is favorable to the plan and a committee headed by Neal Dodge, local radio enthusiast, will meet with Mr. Anderson next week to arrange for the putting on of a program.

Well known and talented musicians, and celebrities will contribute to the evening's program now in preparation, and friends of the air will no doubt welcome communication with the Valley of the Moon, now thought by many to be just a fanciful land of romance instead of the beautiful valley of reality which it is. They will know by radio that Sonoma is a Mission city founded by General Vallejo in 1846 and that here California was born; that the Indians named it Sopoma, Valley of the Moon and that Jack London immortalized it in his famous novel.

This information into which music will be interwoven should comprise a very enjoyable evening for all radio fans and make them better acquainted with this land of charm and opportunity.

A LECTURE ON CHRISTIAN SCIENCE

A free lecture on the above subject will be given at the First Church of Christ, Scientist, of Napa, by Dr. John M. Tutt, C. S. Those interested or who would like to know something of this science, which its adherents claim to do so much for them, will be given this opportunity. It is an interesting subject, dealing as it does with the science of being, and our harmony of life and living, and is usually well presented by able speakers.—adv.

EL VERANO NEWS

By ARCHIBALD McKIVER

The marriage of Henry Howe of Petaluma and Miss C. Antoniovitch, formerly of San Francisco, who was residing with her parents on the O'Brien ranch, took place at Sonoma on Tuesday. The bride is the beautiful daughter of Mr. and Mrs. J. Antoniovitch and has resided here for about a year, while Mr. Howe is a well known horseman and rider, known throughout the United States as a famous rodeo expert and a nephew of Bill Caulfield, well known Petaluma stockman. The happy newlyweds, after a honeymoon trip south, will make their home in Petaluma, where the groom holds a good position. The many Sonoma Valley friends of the couple extend congratulations and best wishes. A wedding dinner was served at the home of the bride's parents following the ceremony, which was performed by Father Byrne of Sonoma.

The White Shell Club met at the home of Mrs. T. H. Baines in El Verano on Friday of last week, all members being present, including one honorary member, Mrs. L. Borrowings of Napa, and one visitor, Mrs. Smith. After the business meeting and installation of officers a dainty luncheon was served and a very pleasant afternoon enjoyed by all. The new officers are as follows: President, Mrs. T. H. Baines; vice president, Mrs. W. Hall; secretary, Mrs. Steiger; treasurer, Mrs. C. Jessen.

Albert Dutil, well known Sonoma baker, who has recently recovered from a serious illness, has returned home after spending several days visiting with relatives at Burlingame.

Conductor Hildebrand of the S. P. passenger train on the Santa Rosa branch passed through El Verano on Tuesday for a several days' vacation and visit in Oakland.

Mr. and Mrs. Jules Willems of San Francisco were first of the week visitors at the Ryland home. Mrs. Willems was formerly Mrs. Chevalier of El Verano.

A rubber tired road grader, a Russell super special, shipped in by the Coast Road Machinery Company of Oakland to be used by the county, was unloaded at El Verano station last Saturday. It is a new type of road wagon and the rubber tires and machine was being looked over by local machinery experts who pronounced it a decided improvement over other machines built for the same purpose. There is no doubt that soon our roads will be as smooth as the floor of a skating rink after this machine has passed over them.

Julius Unger, world famous whale catcher, who has the honor of having landed the biggest sea fish in Alaska, was in town last week meeting his friends of the old days. Unger is looking well and carries his honors with class and dignity. He has been a salt for 35 years and knows nothing but the rolling sea and the life of a fisherman.

James E. Brown, former clerk in the Petaluma post office, pleaded guilty in the federal court at Sacramento to a charge of rifling the mails in the Petaluma post office and was sentenced to serve three years in the federal prison and pay a fine of \$500.

Jimmy O'Connell, former famous ball player who is residing at Boyes Springs with his wife, through his attorney, J. McInerney of San Francisco, has refused to accept the offer of Judge Landis to defray the expenses of an emissary to California so that O'Connell could be interviewed. "Absolutely no," was McInerney's answer. O'Connell will refuse to answer any questions put to him and he will emphatically refuse to be interviewed by any Landis delegates sent here from the New York district attorney's office. O'Connell, who trained to fame at the Boyes Springs training camp with the Seals, has many friends in the Valley of the Moon who believe that the \$75,000 base ball star should be given another chance and re-instated with his team.

Mr. and Mrs. L. Mouyer and party motored to Napa Sunday, enjoying the show put on at the Hippodrome

theatre. This show place is popular throughout the Sonoma Valley and goes to Sacramento Monday to visit with friends and will stay several days before returning home. They made the trip in Mr. Sutter's "Lizzie."

Joe Suter and Louis Betchart went to Sacramento Monday to visit with friends and will stay several days before returning home. They made the trip in Mr. Sutter's "Lizzie."

A new cottage opposite Rosenthal's Resort is being built by Gus Zappa and his gang of carpenters, and when completed will be occupied by San Francisco parties.

Radio on your auto is the latest in El Verano. Arthur Baines, the well known expert on radios, has installed an up to date radio on his car, and as the old bus covers the miles the greatest of all talking machines is breaking the monotony by telling the driver and his guests the latest happenings of the world. The new invention is a humdinger and many will install radios on their cars.

Bert Barrickman of San Francisco was transacting business in El Verano Sunday.

Edmond Debats, formerly of Berkeley, has returned to El Verano to reside with his mother and conduct the summer resort during the coming season.

Charles Danielli of San Francisco was in town Sunday giving the local basket ball players a lesson in the finer arts of the game. He has been appointed instructor of the local team.

Joe Danielli, drayman, had the misfortune one day last week, to break a rib when he got into a mix-up with a cow, which fell on him. He will be laid up for some time.

Mrs. Marie Reynolds of San Francisco spent the week end with Mrs. W. H. Pickens.

Mrs. J. Andrews of Oakland has returned to El Verano and will live at her home here in the western part of town and will engage in the poultry business. Her many Sonoma Valley friends are glad to hear of her return.

Emmet Mullen transacted business in San Francisco last Saturday.

Fred Thomsen attended a lodge banquet in Santa Rosa last Friday evening.

H. Damon of San Francisco was the guest of his friend, Joe Haymen, at his picturesque farm south of town Sunday.

B. and G. Price, hunters, after a successful season, are enjoying their vacation at the Swiss-American Hotel. These distinguished visitors have engaged in hunting ducks for the past 30 years, and are being greeted by their many El Verano friends.

Bill Kahler has received a large peacock from a friend at Livermore. The bird is a beauty and has been admired by many local townsmen.

Dan McCarthy and wife of the Annapolis Farm were spending the week end in San Francisco.

John Plover, probation officer, of Santa Rosa, was transacting business in El Verano one day last week.

Miss Lottie Howard of Glen Ellen spent Saturday with friends in El Verano. She is the popular teacher at Watmaugh School.

Dr. Nufer, veterinary, of Sonoma, was looking the old city over last Saturday and greeting his many friends.

Willie Locarnini, crack basket ball champion, was before his honor, Judge Small, last Friday, at Sonoma, and was fined \$12.50 for driving a car which did not comply with the requirements of the motor vehicle act.

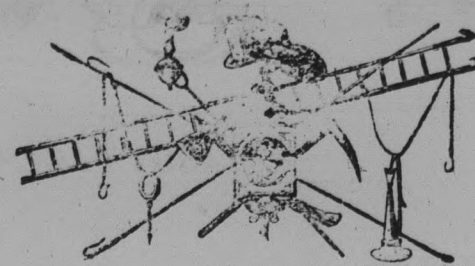

Henry Locarnini and Herbert Ammann were in El Verano Sunday from Mare Island, visiting home folks.

A. Craib of San Francisco was visiting his wife Sunday at the Manry home, where she is spending some time with her folks.

NO BETTER PLACE FOR ORPHANS

The American Legion of California and the auxiliary of women's organization, affiliated with the soldiers of the World War, have determined the necessity of an orphan's home for the children of those from the Pacific states who have sacrificed their lives in the recent conflict.

State Commander Nathan Coombs, of the Legion believes that California as a state should aid this great and good work and endorses the idea of if proper housing and provision were getting the defunct farm for women made for them. So it would work at Buena Vista as a permanent site no hardship if the Buena Vista property were turned over to the American Legion for its orphans. The

idle since the experiment to rehabilitate delinquent women failed and recently a colony of epileptic boys from the State Home at Eldridge has been established there that the State might keep up the grounds and get some use out of the \$50,000 property which it acquired at the behest of those who believed that drug addicts and fallen women could be rehabilitated.

We believe that the State Home, with its magnificent acreage, has as a state should aid this great and good work and endorses the idea of if proper housing and provision were getting the defunct farm for women made for them. So it would work at Buena Vista as a permanent site no hardship if the Buena Vista property were turned over to the American Legion for its orphans. The

LUCY JANE CONVERSE DIES

Mrs. Lucy Jane Converse, widow of the late Albert E. Converse, a veteran of the Civil War crossed the Great Divide Sunday, aged 72 years, 1 month and 19 days.

Mrs. Converse lived the life of a typical pioneer in her early days, for after her wedding which took place at the close of the Civil War, she moved with her husband to Iowa, and later to Minnesota, and South Dakota, where their family of seven children was reared. For more than 50 years she was the helpmate and devoted wife of her soldier husband, with whom she celebrated the golden wedding anniversary, just a short time before Mr. Converse's death about four years ago.

Deceased was a native of Springfield, Mass., and her maiden name was Shepard. She is survived by six of the children who were born to her, C. L. Converse, E. T. Converse and Mrs. L. M. Bonsey of Sonoma; J. W. Converse and Gervase Converse of Santa Rosa, and Mrs. A. R. Badley of Ukiah.

Funeral services were from the family home Wednesday and were conducted by Rev. S. E. Crowe of the M. E. Church. Mr. Swayne and Mrs. Cliff rendered appropriate hymns.

STATE OFFICIALS BACK SONOMA MISSION BILL

The state Board of Control, through H. Robert Braden, has promised endorsement of the measure introduced by Senator Slater, providing \$2500 for the coming two years at \$1250 a year to pay the salary of the caretaker, the necessary repairs, light and heat and other expenses at the Sonoma Mission. Each year now the Sonoma Mission becomes more of an attraction and thousands of visitors last year signed the register in the building. It is the only Mission in California that is owned by the state, having been taken over years ago by legislative enactment and restored with public money.

GIRL IN SUICIDE ATTEMPT WILL LIVE

Evelyn Hollis, 18 year old parole inmate of the Sonoma State Home, who shot herself in an attempted suicide Tuesday at Santa Rosa residence where she was employed, will recover, it was stated by Dr. Butler at the institution.

According to Dr. Butler, the bullet which passed through the girl's chest did not strike any vital organs. Unless complications set in Butler predicted a speedy recovery for the girl.

High School News

(By THELMA WHITNEY)

The next P. T. A. meeting will be held March 13th. There will be talks on the subject of "Physical Training in Schools." Any parent who has any questions to ask on the subject or wonder why it is taught in our schools, should come. After the formal program, parents will be given a chance to show how young they really are by playing the games arranged for and led by Miss Olsen. Light refreshments will be served.

Last Monday a course in trigonometry was started and many students are dropping other subjects to get a chance to widen their knowledge of mathematics. Trigonometry will not be given next year, therefore there is a great demand for this class. Miss Warthorst is the instructor.

There are not many changes in the classes this semester. Miss Dowd is still in charge of Miss Hoag's classes.

Mr. Golton's social science class is having several debates this week. The subjects are "Uniform Marriage Laws," "Child Labor Amendment," "The Liquor Problem," and "Capital Punishment." The judges are to be the fellow students.

Mr. Campbell accompanied a number of pupils to San Francisco today to witness the opera, "Carmen."

Last Thursday our regular assembly was held in the auditorium. The orchestra gave two numbers: Norman Heggie played a violin solo; the Freshmen put on a little skit, "David Swan," and Mr. Golton gave a very interesting talk about keeping the class rooms tidy. All teachers are enforcing this ruling.

Opera, opera, opera. That's all the music theory class can think about now. Every day or so a new one is studied. Oh, for something new.

The Tuesday noon "feeds" are still in order and many of the girls look forward to them. We wish that it was not only on Tuesday, but on other days as well. Only we don't like to clean up.

BASKET BALL

A large crowd of basket ball fans gathered at the high school auditorium on Friday of last week to witness the postponed game between the Native Sons five and the team of the San Rafael Athletes.

The heavy teams of the Athletes and Native Sons showed much speed and the game was enlivened by quick passes and other plays that showed team work on both sides. Although the visitors put up a most excellent game, they were outclassed by Sonoma and were defeated by a score of 41 to 18.

The spectators were well pleased with the games. The Sonoma Grammar School light weight basket ball team traveled to Santa Rosa on Friday and walloped the City of Roses Rosebuds 8 to 7.

Mrs. A. W. Adler is doing jury duty at Santa Rosa this week.

MISSION CREAMERY IS TO INCORPORATE

The Sonoma Mission Creamery for the past 12 years one of the leading industrial concerns of Sonoma Valley with its principal sales offices in San Francisco, has applied to the corporation commissioner of the State of California for permission to incorporate, with a capital stock of \$100,000, the shares being of a par value of \$100 each.

The creamery is taking this step in order to expand its fast growing business which necessitates more working capital. The present successful management J. Vella and J. Iacono, desire also to permit employees of the creamery to participate in profits and thus work for their own financial good as well as that of others in the business.

That the stock will readily be subscribed for is already evident from inquiries which have come to the management as soon as news of the incorporation became known.

The Sonoma Mission Creamery has grown from a small concern to a big business and its branches, both here and in San Francisco, have been most successfully conducted, paying out thousands of dollars to farmers and receiving substantial returns on the products sold and manufactured.

The Sonoma Mission Creamery, when incorporation is completed, will reach out after more business and sell its products direct to the retailers which means even greater profits during the coming years.

DIPHTHERIA ANTI-TOXIN

The recent interest manifest in the rushing of diphtheria anti-toxin to Nome suggests to me that a word concerning this substance might be timely. As we all know, diphtheria anti-toxin is made by immunizing carefully selected young horses against diphtheria and then withdrawing some of the blood serum from these immunized animals. This serum contains "immune bodies," or substances which when injected into the human body are capable of neutralizing or destroying the toxins of diphtheria. Thus many human lives are saved each year, provided the anti-toxin is administered early enough.

A likely question is: "Can a human be immunized against diphtheria and thus prevent his contracting the disease?" The answer is emphatically yes. It is done as follows:

First we must know whether the person already has a natural resistance to diphtheria. This is accomplished by doing the Schick test, which consists of injecting a very tiny amount of toxin under the skin.

No reaction occurs if the patient is already immune, but if not then a tiny red spot appears within 24 hours. The rest is simple. Those patients who are not already immune can easily be made so by the injection of a small amount of toxin anti-toxin mixture under the skin. Thus we see today it is as easy to prevent diphtheria as it is smallpox.

TOTAL RAINFALL IS NOW 21.67 INCHES

The heaviest and steadiest rainfall of the season was experienced in Sonoma Valley Wednesday and Thursday when 2.84 inches of rain fell, making the total for the season 21.67 inches, the greatest winter precipitation here for many seasons. Farmers and orchardists are jubilant. Schellville and Embarcadero received the full benefit of the heavy rain and much of the country was under water. In some places logs floated over the roads and bridges were inundated. One dairyman was compelled to herd his cows by means of a boat.

MRS. ARTHUR DRAKE'S SPANISH FIESTA

Much originality was employed to create the setting for the Spanish fiesta that was held last Saturday evening at the F. E. Palin home in Santa Rosa, with Mr. and Mrs. Arthur Drake joint hosts with Mr. and Mrs. Palin. The rooms of the home represented a colorful spectacle, due to the tambourines, gay serapes that were draped about the walls, and other characteristic Spanish appointments.

Thirty-six guests were entertained which included the members of the Beach Club—a group of friends who have summer homes at Dillon Beach—and several out of town guests. Mr. and Mrs. Manuel Palmer, and Lloyd Steuck, relatives of Mrs. Palin, were in attendance from Napa. Mrs. Drake's brother, and wife, Mr. and Mrs. F. Engler, of San Rafael, also came up for the party.

Dancing and cards were among the formal diversions, these being augmented by impromptu cabaret features. A Spanish supper which included enchiladas, tortillas and the more familiar tamale, was served at midnight with Miss Emerie Walf and Miss Frances Felt dressed in most becoming Spanish costumes, assisting the hostesses.

Mrs. Drake was formerly Miss Amy Engler of Sonoma.

WEALTHY NAPAN NABBED AS DRUNK DRIVER

Henry Ohlandt, wealthy rancher of the Carneros district and son of the millionaire founder of the German Savings and Loan Society of San Francisco, was arrested last Saturday by Sheriff J. R. Harris on a charge of driving an automobile while intoxicated. The arrest followed an accident between Ohlandt's car and a machine driven by A. Zoller in which both machines were badly smashed. The rancher was subsequently released after posting \$1000 bail with Justice C. H. Snow.

Ohlandt is the son of Henry Ohlandt, Sr., founder of the San Francisco bank and one of the biggest sugar operators on the Pacific coast. He is said to be immensely wealthy in his own right.

The Odd Fellows had a nice crowd at the card party Wednesday evening and prizes were awarded Miss Burchard and William Downey, with consolation gifts for George Angove and Mrs. L. S. Simmons.

An hour devoted to community singing, moving pictures and a topic of general interest to all will be the main features.

"Spring Fertilizers" will be the topic of a short talk by Farm Advisor H. A. Weinland. Mr. McAllister, is the local director. All are invited.

TRUSTEES DISCUSS
NEW FIRE ENGINE

At the February session of the city trustees Wednesday evening, it was decided to have the city attorney look into the reported increase in rates which the local lighting company is said to contemplate. The city attorney will appear at the hearing before the Railroad Commission when the city is officially notified.

The purchase of a Seagrave fire engine was informally discussed. The expenditure would be \$6500. The city trustees believe that the city will have about \$4500 which they can make available from the general fund for the purpose, providing \$2000 initial payment can be raised by popular subscription. Each trustee will contribute personally to the first payment with other citizens and the city would meet the remaining payments as they come due.

\$67,000 AUTOMOBILE
SUIT IS ANSWERED

Early trial of the \$67,000 damage suit brought by Emma Laughnane, wife of a Glen Ellen resident against Karl H. Brix and Eugene Mathewson of Fresno, was seen when Brix filed his answer to the complaint, based on an automobile collision on the Black Point highway, in which Mrs. Laughnane was seriously injured.

Mathewson recently filed his answer, and the answer of Brix is almost identical with that of the former.

Fred J. Hansen, proprietor of the Sonoma Valley Hatchery drove to Hayward on Tuesday, where he delivered an order of 2200 White Leghorn baby chicks to a customer in that city.

James Gottenberg and W. F. Clewe, leading grocers, represented Sonoma at the Marin-Sonoma County Grocers' Association banquet in Petaluma recently.

Miss Lola Adams and Harold Prestwood motored to San Francisco on Sunday afternoon, where they attended the theatre.

Mrs. Harry Fine has returned from Los Angeles where her prize Persians won honor in the Southern Cat Show. She motored down, accompanied by a number of ladies, prominent exhibitors of aristocratic felines.

Sami Sebastiani will operate his big Sonoma cannery during the coming season.

Harvey Toy, president of the State Highway Commission, accompanied by his friends, Dr. Malpas and her husband and niece of San Francisco, were visitors to Sonoma Valley Sunday. While here they motored to the Vallejo museum where they spent a very delightful hour.

Mrs. E. Abrogast, who has not been in the best of health the past year, is much improved under the treatment of Dr. Leino, which will be good news to her many friends.
